Stop That Headache and Save Your Nerves

Do not try to endure a headache, waiting with what patience you can until you have worn it out.

Why should you? It's a great deal better to save your nerves the wear and tear of torture.

One dose of

Stearns' Headache Wafers

—a tiny tasteless wafer—brings you relief in a few minutes—real relief at that—leaves your head feeling clear and natural.

When this certain ease from that pain is always at hand (or at the nearest chemist's) there is no reason for suffering from headache.

You would not consider it wise to suffer from a cinder in your eye or a thorn in your hand a moment longer than necessary.

Think it over—and remember that Stearns' Headache Wafers CURE, yet never cause the formation of a drug habit.
